Dear Colleague,

Our union is at a crossroads.

The strike was a great symbolic victory, but it wasn't enough. We need to follow it with actual dollars-and-cents victories for our members.

The district needs to do better. But the union needs to do better, too.

We're renegotiating our Health Benefits package this year, and we can't run the risk of being caught flat-footed.

We need to fight hard, but we also need to fight smart.

You deserve a union that delivers.

Thanks for your consideration.

In Unity,

David Lyell
