

Choose **Diane Newell** as one of your **Valley West Directors!** **Do not underestimate the voice of one...**

Digital flyers available on Facebook: Diane Newell

I have years of experience on many levels – Chapter Chair, Cluster Leader, VW Secretary, Salary Point Instructor, HOR member, Secondary Committee Chair, Asian Pacific Committee, including earning my NBCT in Science. In my 23 years with LAUSD I have taught in elementary as well as in high and low performing middle schools in the Valley.

You say “Vote for a Slate”?
Slates mean dead weight, status quo, no consensus
Vote for a Director who will fight for VW rank & file!

This citywide BOD election has NO opposition except in Valley West and Valley East. The BOD will NOT be fair & balanced. Do you want a “Service” Union back? **Know what goes on at the BOD that affects VW teachers and VW working conditions? Why? – it’s your right & responsibility**

I will be your VW voice on the Board of Directors & I will bring it back to you - for you to decide what our Union Leadership should do to protect your jobs and improve your working conditions

Rank & File - Sp Ed teachers, Discipline Issues, Contract Enforcement, School Site Issues, Subs, HHR’s, Adult Ed – not top down!

- ✓ I fought for 3 years & succeeded in getting the Union to upgrade the website to allow members to get PD/salary points by paying electronically - **that spells \$ in a members’ pocket!** Why did it take so long?? Why wasn’t it important to the Union leadership to provide this vital service?
- ✓ I was the first to pass a motion to stop LAUSD from putting all discipline of students in the “cloud” which **IS the real prison pipeline**, while **our Union only supported RJ** – how is discipline working at your site, wish you had something besides RJ? What happened to the motion?
- ✓ I have worked all school board campaigns (in all areas, since 2000) while this Union administration takes credit for **5 School Board races - LOST**. Their success? A changed school Board to Charter friendly in 6 years. Now we **MUST win ALL 4 SEATS in the Primary or we lose again!!!!** And now, not the rank & file, but the collusion of the BOD & HOR are endorsing a Presidential party candidate instead of “organizing” around the school board race - really?
- ✓ If you don’t take this BOD election seriously, it could be an “I told you so” future for VW.....
