## TAKING OUR UNION TO THE NEXT LEVEL

Gloria, Alex, and Lourdes are ready to lead from day one to win on salary and our contract, protect our healthcare, fight against Right-wing attacks, enforce the contract at every school, improve working conditions, and uplift our communities. They have helped shape our union into a fighting and organizing powerhouse that is an example across the local and national labor movements. We need their unique experience and skills to continue fighting against the brutal ICE raids, fascism, and the dismantling of public education.

Gloria, Alex, and Lourdes lead with vision and have a proven track record. They have decisively won, and will double down on winning more, against Carvalho. No more unilateralism, protecting of bad principals, austerity narrative, over-assessment of students, and top-down directives from Carvalho. Gloria, Alex, and Lourdes have been foundational leaders in the historic 2019 and 2023 strikes. They know how to organize mass power and know how to win. They will deepen even more UTLA's leading role in common good bargaining and campaigns, fighting for housing, community schools, immigrant rights, BSAP, and climate justice – fighting tooth-and-nail against the Right-wing, while also providing an example of what our schools and society should look like.
