

RE-ELECT

JULIE VAN WINKLE

Fighting for

*racial, social
& economic justice*
in our school district and
the whole city of LA

FOR
AFT VICE PRESIDENT

This election is different than previous years. UTLA has become more influential in the city of LA and the nation, and our members are more active than ever before. Usually, we pick a slate or team of officers to support; however, this time, I hope you will join me in voting for candidates from different slates who have demonstrated that they are committed to our movement for racial, social, and economic justice.

MY EXPERIENCE

- Bargaining Team Lead
- Contract Expert
- Trained Organizer

MY VISION

- Make it possible for educators and our students' families to afford to live in LA
- Win prep time during the school day for elementary teachers
- Expand Arts and PE programs
- Continue to fund and support BSAP and Community Schools
- Strengthen pathway programs for students into unionized trades jobs
- Protect LA's immigrant communities
- Push Democratic politicians to be bold and fight for working people!

I am running independently because I want the best candidate to win for each position, but I do not feel that all of the strongest candidates are running on the same slate. UTLA members put a lot of trust in our leaders, and we deserve to have citywide and area leadership who will work together, but who also think for themselves and challenge each other. I believe that experience matters, but bringing grass-roots activists and community organizers into leadership positions is crucial, especially as LA and our school communities face ongoing attacks from the Trump administration.
