

MAYA SUZUKI DANIELS

San Pedro HS Teacher

**For UTLA Harbor Area
Board of Directors**

NEA Representative

VOTING BEGINS JANUARY 30

As a San Pedro High School teacher with experience in private, charter, and district schools, I'm deeply committed to unionism and the value that educators bring to our society and public education system. Throughout my life and career, I've fought for racial and economic justice, trauma-informed care, and expanding access for marginalized people in decision-making spaces. I believe that organizing for change starts with everyday conversations — between class periods, during happy hours, and while waiting for the copy machine — and grows when members have the space to build and act upon our collective vision.
