WE BELIEVE...

OUR UNION IS ABOUT SERVICE AND ACCOUNTABILITY CONCERNS

UTLA's primary responsibility is to service our members and provide them with the best working conditions possible. Our organizing efforts must focus on these issues.

OUR UNION IS ABOUT ENFORCING THE CONTRACT AT ALL TIMES

Members at sites all over this district need UTLA to focus on enforcing the contract, or what's the use of having one?

OUR UNION IS ABOUT UNITY AND DIVERSITY

Members work and live all over LA with beliefs all over the map. We support UTLA leaders who will help us rise above the fray and focus on the issues that unite us all (eg., healthcare rights, equity in pay, working conditions, and class sizes for our students). Divisive stances kill unity; respecting our diversity builds it.
